August 3, 2010

The **Restriction of Hazardous Substances (RoHS) Directive, 2002/95/EC**, is an EU directive that restricts the levels of the below listed substances in electronic and electrical parts and equipment. The substances are:

- Lead
- Mercury
- Cadmium
- Hexavalent chromium (Cr⁶⁺)
- Polybrominated biphenyls (PBB)
- Polybrominated diphenyl ether (PBDE)
- Decabromodiphenyl ether (deca-BDE)

ALM Corporation does not manufacture its products with, or add any of the RoHS listed substances to its products.

To the best of our knowledge, our raw materials do not contain the above listed substances and they are not expected to be found in Nylene polymer resins.

ALM Corporation is a manufacturer of polymer resins and does not manufacture electrical or electronic parts or equipment. We do not analyze our raw or final products for the presence of the above substances or require our raw material suppliers to do so. It is the responsibility of the manufacturer of the products covered by (RoHS) Directive 2002/95/EC to determine compliance of their products with this directive.

For further information, please contact our Customer Service Department at 973-694-4141.
